Forest Park

Located in the west side of Saint Louis, Forest park is a great place for tourists and residents of saint louis to visit. There are many entertainments to enjoy such as Zoo, Saint Louis Art Museum, History Museum, Ice link , picnic zone, tennis court, boat house and etc. It was the place I like the most during my trip in Saint Louis

Saint Louis Art Museum

On the first day of trip in Saint Louis, I visited the Saint Louis Art Museum located in the forest park. Many artworks from different cultures and time were displayed. It was a great time to see Monet's famous water lilies series, and other American modern artist's artworks.

I highly recommend you to go to the main lobby on the first floor. There is a big window facing towards the Forest Park.

From the position, you can see the scenery of the beautiful forest park at a glance. It is obviously the best view of the Forest park you should not miss!

## Night Ice skating

One of the best night in Saint Louis. I rode a Ice skating at night in the snowy day and standed next to the wood fire looking at the beautiful sky of Saint Louis. I went there with my cousins and I felt like I went back to my childhood when our family gathered and all cousins played together all day. It was unforgettable night of November.

## Night Ice skating

One of the best night in Saint Louis. I rode a Ice skating at night in the snow and stood next to the wood fire place. It was a beautiful sky of Saint Louis. I went there with my cousins and I felt like I went back to the hood when our family gathered and played together all day. It was an unforgettable night of November.

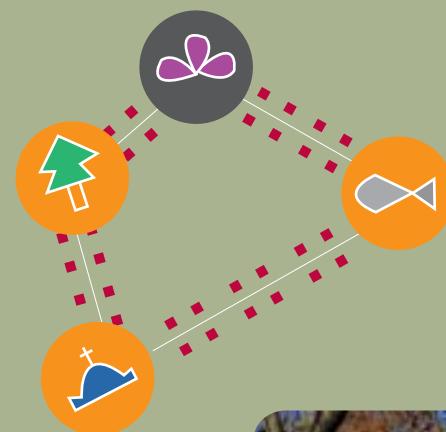

The Ice Rink opens from 10 am but I highly recommend you to go there at night. At night, they fire up the fire place and play holiday songs which are enjoyable to listen while riding a ice skating.

Also, notice that during the holidays like christmas eve and christmas, they open till mid-night! Some snakes and hot cocoa are prepared so, good to warm up your body after skating.

## Missouri Botanic Garden

On the second day, I went to the Missouri Botanic Garden where has various flowers, plants of different countries' gardens. As approaching the christmas season, special exhibitions are held as well: Garden glow which is a outside lighting show and the Botanic Garden's annual train show. Walked along the lake in Japanses garden and took a nice rest in nature

In the Temperate House ( one of the indoor garden), find a European small garden with a small fountain in the middle and little tangerine tree next to the white wall which encircles the garden. The color balance between the bright orange of the tangerine tree, pure white wall and the red flowers is pleasing to look at.

Also, when you walk along the lake in Japanese Garden, take a sit on a bench near the lake and feel the beauty of Japanese Garden. I hope you find a peace and calmness in your mind as I did while

# A Pleasant Walk in Saint Louis

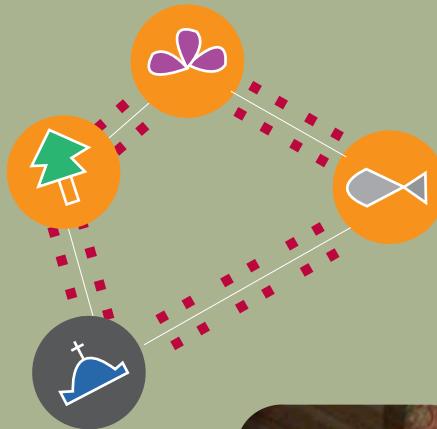

Mississippi River

It was cloudy almost everyday I stayed in Saint Louis. The day I went to the Mississippi river, I could see the clear and beautiful sky of Missouri. The river looks like it is endless. It is long and has peaceful atmosphere. Only few houses are near the river and it was a beatiful scenery of the countryside.

Cathedral Basilica of Saint Louis

It is definitely must-vist site for visitors in Saint Louis. As soon as I entered this wonderful romansque cathedral, I was captured by its hundreds amazing pieces of mosaics. The large space of the church is almost entirely decorated with the mosaics with multiple color. Walking along the path way in the church, I loved being surrounded by the elaborate church artworks.
